RETRIEVING GAMES

Game Day 14 – Give it a cue

Before moving on to the next step, think about a verbal cue you would like to use for the retrieve.
Popular ones are:

- Fetch
- Get it
- Bring me

Whichever you use, chose one and be consistent with it.

Play a few repetitions of Game Day 13 and use your cue as your dog is approaching the toy. The cue won't mean anything to them yet, but by repeating this, they will soon associate the verbal cue with the asked behaviour – go and pick up that thing.

Daily Use: Play this game a few times during the week with different toys/items and in different environments. Play through all stages with a new toy/item or in a new environment. Only change one parameter e.g. new toy OR new environment.
