⚠ Training Safely in Hot Weather

Please consider the weather when training with your dog. What feels OK to us might be already too warm for your dog. Avoid strenuous exercise, hot pavement, provide fresh cold water and shade. Watch out for signs of heat stroke:

- Heavy panting
- Excessive drooling
- Bright red or pale gums
- Lethargy
- Vomiting
- Diarrhea
- Disorientation and/or staggering

Each dog is an individual, please watch out for the signs in your dog!
